

**Universal Tractor Transmission Oil (UTTO)** 

**UNIVERSAL TRACTOR POWER 80W** is a high performance fluid for use in transmissions, hydraulic systems, oil immersed brakes of tractors and off-road equipment. UTTO fluids are specially designed for use where a common lubricant reservoir serves transmissions, final drives and hydraulic systems and to optimize the performance of agricultural and commercial tractors. This product can also be used where a 10W-30 UTTO product is recommend.

**UNIVERSAL TRACTOR POWER 80W** is based on high quality virgin mineral base oil in combination with an unique additive package to ensure the following properties:

- Enhanced frictional properties optimize clutch performance and ensure noise free operation of wet brakes.
- High viscosity index with high shear stability provides consistent performance.
- Excellent low temperature fluidity provides good response and effective lubrication at low ambient temperatures.
- Robust anti-wear and extreme pressure properties control wear, extend equipment life and reduce maintenance costs.
- Multipurpose capability reduces inventory and prevents accidental contamination and misapplication.

### **UNIVERSAL TRACTOR POWER 80W** meets the following performance criteria:
